Insurance

Any patient wishing to have insurance cover all or a portion of their treatment should contact their insurance provider to learn the coverage boundaries of their policies with respect to Traditional Chinese Medicine including Acupuncture.

Connie Lock-Bouvier, LAc is in-network with a wide variety of insurance providers. Once I have verified that you have acupuncture coverage, we will bill your insurance for the acupuncture treatment. You will be required to pay a copay or a co-insurance at the time of your visit, if applicable. You will also be required to pay for any charges that are NOT reimbursed by your insurance.
